We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. For more space, use the back of this sheet.

This year's entry, Untitled, (Across the Flats), is from my on-going series of urban Cleveland landscapes. My interest in the Flats area of the city has to do with recording the quickly receding industrial landscape which represents the heart of Cleveland's foundation.

For more space, use the back of this sheet.

A frame from the continuing study of motion, abstract qualities of movement, most frequently using dancers. Random generation of images often produced by not looking through the lens but by being there, in contact, somehow, with the energy of the movers.
